**AND THE WINNER IS... UCLA LAKE ARROWHEAD CONFERENCE CENTER IS
NAMED THE BEST TRAINING/DEVELOPMENT VENUE IN THE
2016 UNIQUE VENUES BEST OF AWARDS**

*Voted on by a readership of a 55,000+ planners community,
it's the only award of its kind in the niche industry*

[EDWARDS, COLORADO](#) (October 21, 2016) – For the third annual year, Unique Venues announces the winners of its elite Best Of Awards, recognizing the standout campuses, conference and business centers, sports arenas, historical and cultural venues, camps and retreat centers, and other special event venues that wowed guests in 2016. The meetings industry community including Unique Venues' database of 55,000 planners that regularly use Unique Venues to connect to non-traditional spaces, voted in 19 total categories.

UCLA Lake Arrowhead Conference Center in Lake Arrowhead, California is proud to announce they took home the special UVy award for Best Training/Development Venue. This California conference center offers 10,000 square feet of IACC-certified meeting space in 14 meeting rooms, all including a suite of audio-visual services. All-inclusive group packages also include deluxe accommodations, Wi-Fi, and three meals each day.

All winners were recognized at Unique Venues Annual Marketing Conference in Denver, Colorado this month and each will also be featured in a special edition of *Unique Venues Magazine*, hitting newsstands this November.

About Unique Venues

Unique Venues has been the go-to source for non-conventional meeting and event venues, and the planners looking for them, for the past 30 years. The marketing and membership company has grown to be the largest online database in the U.S. and Canada with member venues including colleges and universities, historical and cultural venues, arenas and stadiums, camps and retreat centers, conferences and business centers and other special event venues. Services include free RFP submissions, assisted searches and three print and digital magazines that help planners find the perfect fit every time.
